

1/2" TORQUE WRENCH PLUS 20 - 100 NM CT

- 1/2" torque wrench Plus
- $\pm 4\%$ accuracy
- 72-teeth ratchet mechanism (DIN3122)
- Click mechanism with audible torque signal
- Nm scale with easy adjustments
- Locking button to secure set torque
- Quick-release button and twist reverse function
- Compact head for use in tight spaces
- Designed for clockwise fastening of right-hand threads
- Supplied in a durable storage case

The TengTools 1292P100 1/2" torque wrench Plus offers precise and reliable performance for professional use, with a torque range of 20–100 Nm and $\pm 4\%$ accuracy. It features a clear, easy-to-read Nm scale that allows for simple adjustments, making it well-suited for tasks across the automotive, aerospace, and heavy machinery sectors. The click-type mechanism provides a clear signal when the desired torque is reached, ensuring precision and preventing over-tightening. A locking button securely holds the set torque in place during use. Designed for ease of operation, the compact head facilitates work in tight spaces. The 72-tooth ratchet mechanism, equipped with a quick-release button and twist reverse function (DIN 3122), enables smooth fastening of right-hand (clockwise) fasteners. The ergonomic bi-material grip ensures comfort during extended use, while the handle markings show where to place the hand for improved accuracy. Each wrench is calibrated to ISO 6789 standards and comes with a unique certification number, ensuring reliable performance. The tool is supplied in a durable storage case for easy organization and transportation. Weighing 965 g, with a width of 36 mm and a length of 410 mm, this torque wrench is both sturdy and easy to handle. Each torque wrench is assigned a unique number and individually tested to comply with ISO 6789 standards and comes with a 'Declaration of Conformance' for guaranteed accuracy. All CT models undergo an additional check for conformance before being dispatched from the TengTools warehouse in the UK.

General information

Country of origin: Taiwan
Barcode: 5020385303720
Tarriff code Europe: 8204120000
ECCN US: EAR99
ETIM: EC002132
UNSPSC: 27111715

Features

1/2"

Attributes

Product type: Torque Wrenches
Drive: 1/2"
Number of teeth: 72
Range: 20-100 Nm
Scale resolution: 0.5
Accuracy: $\pm 4\%$
Calibration certificate: New
Reverse direction: Twist
Preset: No
Angular gauge: No
Digital: No
Bi-directional: No
Mechanism: Click
Tethering facility: No

Dimensions

Net weight (g): 965
Width (mm): 36
Length: 410 mm

DESIGNED IN SWEDEN

TengTools is a Swedish company present in more than 30 markets worldwide, and offers hand tools in smart storage solutions for demanding professionals within the automotive, maintenance and engineering sectors, as well as motor sport enthusiasts who aspire to use the same tools as top mechanics across the globe.
