

1/2" TORQUE WRENCH PLUS 40 - 200 NM

- 1/2" torque wrench Plus
- $\pm 4\%$ accuracy
- 72-teeth ratchet mechanism (DIN3122)
- Click mechanism with audible torque signal
- Nm scale with easy adjustments
- Locking button to secure set torque
- Quick-release button and twist reverse function
- Compact head for use in tight spaces
- Designed for clockwise fastening of right-hand threads
- Supplied in a durable storage case

TengTools 1292P200 1/2" torque wrench Plus offers precision and reliability, delivering a torque range of 40–200 Nm with an accuracy of $\pm 4\%$. It is a professional torque wrench built for torquing bolts and adjusting larger fasteners in assemblies where documented torque compliance is required. The Nm scale is easy to adjust and read, and a locking button secures the set torque for consistent results. The compact head design allows for use in confined spaces such as engine compartments, making it versatile for various tasks. The 72-teeth ratchet mechanism with twist reverse (DIN3122) ensures smooth operation and is designed for right-hand (clockwise) fasteners. The torque wrench features a 'click-type' design that offers clear feedback when the desired torque is reached, preventing over-tightening and ensuring precise results. It is also equipped with a quick-release function for easy tool and accessory changes. The ergonomic bi-material grip provides comfort during extended use, while handle markings show where to place the hand to enhance accuracy. The tool is supplied in a practical storage case for protection and transport. With a net weight of 1465 g, a width of 42 mm, and a length of 490 mm, this torque wrench combines durability and ease of use. Each torque wrench is assigned a unique number and individually tested to comply with ISO 6789 standards and comes with a 'Declaration of Conformance' for guaranteed accuracy.

General information

Country of origin: Taiwan
Barcode: 5020385032804
Tariff code Europe: 8204120000
ECCN US: EAR99
ETIM: EC002132
UNSPSC: 27111715

Features

1/2"

Attributes

Product type: Torque Wrenches
Drive: 1/2"
Number of teeth: 72
Range: 40-200 Nm
Scale resolution: 1
Accuracy: $\pm 4\%$
Calibration certificate: Factory
Reverse direction: Twist
Preset: No
Angular gauge: No
Digital: No
Bi-directional: No
Mechanism: Click
Tethering facility: No

Dimensions

Net weight (g): 1465
Width (mm): 42
Length: 490 mm

DESIGNED IN SWEDEN

TengTools is a Swedish company present in more than 30 markets worldwide, and offers hand tools in smart storage solutions for demanding professionals within the automotive, maintenance and engineering sectors, as well as motor sport enthusiasts who aspire to use the same tools as top mechanics across the globe.
