

INSERT TORQUE WRENCH 14 X 18, 40 - 200 NM

- Insert torque wrench for 14×18 mm interchangeable insert tools
- Torque range of 40–200 Nm with $\pm 4\%$ accuracy
- Click-type mechanism signals when torque is reached
- Supports clockwise and counterclockwise torquing
- Nm scale with 1 Nm resolution
- Locking button to prevent accidental setting changes
- Compact head for improved accessibility in confined spaces
- Ergonomic bi-material grip with marked pressure application point
- Supplied in a durable storage case
- Individually tested to ISO 6789 standards with unique serial number and Declaration of Conformance

TengTools 1292P418 insert torque wrench is designed for use with 14×18 mm interchangeable insert tools, delivering a torque range of 40–200 Nm with an accuracy of $\pm 4\%$. The click-type mechanism provides a clear signal when the preset torque is reached. The tool supports torquing in both directions, making it suitable for controlled tightening of both right and left-handed fasteners. To tighten left-hand threaded fasteners, turn the insert tool around. The Nm scale, with a 1 Nm resolution, is easy to read and adjust, while the locking button ensures the selected setting is not changed by accident during use. With a compact head, the torque wrench offers improved accessibility in confined spaces. The ergonomic two-component handle has a marked section that indicates where to place the hand for increased precision. The tool comes in a durable storage case for easy transportation, and has a weight of 1096 g and a length of 480 mm. Each torque wrench is individually tested to meet ISO 6789 and is assigned a unique serial number and a factory-issued certificate of conformity.

General information

Country of origin: Taiwan
Barcode: 5020385033023
Tarriff code Europe: 8204120000
ECCN US: EAR99
ETIM: EC002132
UNSPSC: 27111715

Attributes

Product type: Torque Wrenches
Range: 40-200 Nm
Scale resolution: 1
Accuracy: $\pm 4\%$
Calibration certificate: Factory
Insert tool size: 14 x 18 mm
Preset: No
Angular gauge: No
Digital: No
Bi-directional: Yes
Mechanism: Click
Tethering facility: No

Dimensions

Net weight (g): 1096
Width (mm): 42
Length: 480 mm

DESIGNED IN SWEDEN

TengTools is a Swedish company present in more than 30 markets worldwide, and offers hand tools in smart storage solutions for demanding professionals within the automotive, maintenance and engineering sectors, as well as motor sport enthusiasts who aspire to use the same tools as top mechanics across the globe.
