

MINI HEX KEY SET AF 7 PIECES

- The keys have different length arms to help you reach hard-to-reach fasteners, making your work more efficient
- Precision-formed chrome vanadium steel ensures both durability and accurate dimensional tolerance for reliable use
- Each key can be effortlessly removed or used by twisting in its holder, enhancing ease of use
- The set comes in a plastic holster with a handle and clear sizing indicators, streamlining both storage and size selection
- Includes a range of sizes (7/64", 3/32", 5/64", 1/16", .050, .035, .028) suitable for precision instruments, offering comprehensive coverage for multiple applications

TengTools AF 7-piece mini hex key set made of chrome vanadium steel with a black finish. The set has been developed considering the needs of professionals such as mechanics, electricians, and mechanical engineers and offers different lengths on the arms of each L-shaped key for increased versatility. The plastic holster features an individual holder with a perfect fit for each key, simplifying both storage and tool selection. The set is designed for precise applications and includes keys in various sizes to suit different use-cases.
