

1/4" TORQUE WRENCH 5 - 25 NM

- 1/4" torque wrench
- $\pm 4\%$ accuracy
- Click-type mechanism with in-built angular gauge
- Additional ft/lb reference scale
- Reversible 24-teeth ratchet mechanism (DIN3122) with 15° swing arc
- Twist locking feature to secure set torque
- Flip reverse lever for one-handed direction changes
- Handle markings for correct pressure application
- Supplied in a protective storage case

TengTools 1492AG-E 1/4" torque wrench provides precision for professional applications, delivering a torque range of 5-25 Nm with $\pm 4\%$ accuracy. This click-type torque wrench has a built-in angle gauge that simplifies tightening, making it well suited for smaller assembly jobs where overtightening can damage components. The additional ft/lb reference scale allows for seamless use across different measurement systems. With a reversible 24-tooth ratchet mechanism (DIN3122) that provides tightening in 15° increments, it meets high accuracy requirements. The twist locking feature keeps the set torque secure, preventing any accidental changes. Marks on the handle indicate where to place the hand to promote enhanced accuracy and performance. With the flip reverse lever, direction changes are easily performed with one hand. Weighing 580 g and measuring 27.6 mm in width and 277 mm in length, this robust yet manageable tool is supplied in a protective storage case for convenient transport. Each torque wrench is assigned a unique number and individually tested to comply with ISO 6789 standards and comes with a 'Declaration of Conformance' for guaranteed accuracy.

General information

Country of origin: Taiwan
Barcode: 5020385030206
Tariff code Europe: 8204120000
ECCN US: EAR99
ETIM: EC002132
UNSPSC: 27111715

Features

Attributes

Product type: Torque Wrenches
Drive: 1/4"
Number of teeth: 24
Range: 5-25 Nm
Scale resolution: 0.1
Range 2: 4-18 ft-lb
Scale 2 resolution: 0.075
Accuracy: $\pm 4\%$
Calibration certificate: Factory
Reverse direction: Flip reverse lever
Preset: No
Angular gauge: Yes
Digital: No
Bi-directional: No
Mechanism: Click
Tethering facility: No

Dimensions

Net weight (g): 580
Width (mm): 27.6
Length: 277 mm

DESIGNED IN SWEDEN

TengTools is a Swedish company present in more than 30 markets worldwide, and offers hand tools in smart storage solutions for demanding professionals within the automotive, maintenance and engineering sectors, as well as motor sport enthusiasts who aspire to use the same tools as top mechanics across the globe.
