

1/4" TORQUE WRENCH PLUS 6 - 30 NM

- 1/4" torque wrench Plus
- $\pm 4\%$ accuracy
- 72-teeth ratchet mechanism (DIN3122) with quick-release button
- Click-type mechanism with clear torque signal
- Ergonomic handle with Nm scale
- Locking button to secure set torque
- Designed for clockwise fastening of right-hand threads
- Twist reverse function for easy direction changes
- Supplied in a practical storage case

The TengTools 1492P030 1/4" torque wrench Plus, featuring a torque range of 6–30 Nm and $\pm 4\%$ accuracy, is built for precision tightening of sized fasteners in delicate assemblies requiring strict tolerances. The 1/4" drive integrates a quick-release mechanism and a 72-teeth ratchet, complete with a twist reverse function for fast direction changes and is compliant with DIN3122. The torque wrench signals with a click when the preset torque is reached, avoiding over-torquing. The ergonomic handle includes an easy-to-read Nm scale and a locking button to secure the torque setting during use. For right-hand (clockwise) fastening, it suits various applications. With a weight of 267 g and dimensions of 26 mm in width and 215 mm in length, it is compact and portable and can be stored securely in its included protective case. Each torque wrench is assigned a unique number and individually tested to comply with ISO 6789 standards and comes with a 'Declaration of Conformance' for guaranteed accuracy.

General information

Country of origin: Taiwan
Barcode: 5020385034006
Tariff code Europe: 8204120000
ECCN US: EAR99
ETIM: EC002132
UNSPSC: 27111715

Features

Attributes

Product type: Torque Wrenches
Drive: 1/4"
Number of teeth: 72
Range: 6-30 Nm
Scale resolution: 0.2
Accuracy: $\pm 4\%$
Calibration certificate: Factory
Reverse direction: Twist
Preset: No
Angular gauge: No
Digital: No
Bi-directional: No
Mechanism: Click
Tethering facility: No

Dimensions

Net weight (g): 267
Width (mm): 26
Length: 215 mm

DESIGNED IN SWEDEN

TengTools is a Swedish company present in more than 30 markets worldwide, and offers hand tools in smart storage solutions for demanding professionals within the automotive, maintenance and engineering sectors, as well as motor sport enthusiasts who aspire to use the same tools as top mechanics across the globe.
