

BALL POINT HEX KEY, METRIC, 2 MM

- Professional metric hex key
- Made from chrome vanadium steel
- Corrosion-resistant black oxide finish
- Long arm with ball end
- Short arm with straight hex profile

The TengTools 310502BL-C metric hex key 2 mm with ball point is designed for daily professional use. The key is made from durable chrome vanadium steel with a hardness of 52 HRC and features a black oxide finish that provides protection against corrosion. The long arm includes a ball point that allows work at angles up to 25°, making it easier to access fasteners in confined spaces. The short arm has a precisely shaped straight hex profile for optimal grip and torque transfer.

General information

Country of origin: Taiwan
