

3/4" TORQUE WRENCH 140 - 980 NM

- Equipped with an in-built angular gauge for easier after tightening
- Click type mechanism to signal when the required torque is reached
- Additional ft/lb reference scale
- Marked to show the correct place where pressure should be applied
- Twist locking facility to ensure the set torque is maintained
- Reversible 24 teeth ratchet mechanism (DIN3122) giving 15° increments
- Designed to torque right hand (clockwise) fasteners
- Accurate to +/- 4% and conforms to ISO6789 for assured accuracy
- Each torque wrench has it's own individual certification number
- Supplied in a handy storage case

TengTools 3492AG-E2 3/4" torque wrench has a torque range of 140–980 Nm, making it suitable for heavy industrial applications that require high tightening torques, such as installing large machine parts and truck assembly. The torque wrench is designed for clockwise fastening of right-hand threads with a reversible 24-teeth ratchet mechanism (DIN3122) and features an integrated angular gauge for easy post-tightening. The ratchet mechanism has a 15° swing arc and an accuracy of ±4%, a precision that suits most professional applications. The torque wrench also has a Twist lock to ensure the set torque is maintained. It is designed to be user-friendly with a clear scale showing both Nm and ft/lb. The handle has clear markings indicating where to place the hand, improving both ergonomics and performance. The tool is delivered in a practical storage case for easy transport and storage. Each torque wrench is assigned a unique number and individually tested to comply with ISO 6789 standards and comes with a 'Declaration of Conformance' for guaranteed accuracy.

General information

Country of origin: Taiwan
Barcode: 5020385030985
Tarriff code Europe: 8204120000
ECCN US: EAR99
ETIM: EC002132
UNSPSC: 27111715

Features

Attributes

Product type: Torque Wrenches
Drive: 3/4"
Number of teeth: 24
Range: 140-980 Nm
Scale resolution: 3.5
Range 2: 100-700 ft-lb
Scale 2 resolution: 2.583
Accuracy: ± 4%
Calibration certificate: Factory
Reverse direction: Flip reverse lever
Preset: No
Angular gauge: No
Digital: No
Bi-directional: No
Mechanism: Click
Tethering facility: No

Dimensions

Net weight (g): 6550
Width (mm): 72.5
Length: 1213 mm

DESIGNED IN SWEDEN

TengTools is a Swedish company present in more than 30 markets worldwide, and offers hand tools in smart storage solutions for demanding professionals within the automotive, maintenance and engineering sectors, as well as motor sport enthusiasts who aspire to use the same tools as top mechanics across the globe.
