

3/4" TORQUE WRENCH 65 - 450 NM

- Equipped with an in-built angular gauge for easier after tightening
- Click type mechanism to signal when the required torque is reached
- Additional ft/lb reference scale
- Marked to show the correct place where pressure should be applied
- Twist locking facility to ensure the set torque is maintained
- Reversible 24 teeth ratchet mechanism (DIN3122) giving 15° increments
- Designed to torque right hand (clockwise) fasteners
- Accurate to +/- 4% and conforms to ISO6789 for assured accuracy
- Each torque wrench has it's own individual certification number
- Supplied in a handy storage case

TengTools 3492AG-E torque wrench with 3/4" square drive is suitable for applications requiring torque between 65-450 Nm, such as powerful tightening of larger fasteners in industrial machinery maintenance and heavy vehicle applications. The reversible 24-teeth ratchet mechanism, compliant with DIN3122 standard, has a 15° swing arc and an accuracy of ±4%. It is specifically designed for clockwise fastening of right-hand threads and features an integrated angular gauge for easy post-tightening. A shift lever allows quick direction changes with just one hand. Some of its standout features include an accurate click mechanism that clearly signals when the desired torque is reached, an easy-to-read secondary ft/lb scale, and a handle with markings indicating where to place the hand. The Twist lock ensures that the set torque does not change accidentally during use. Its robust design, with a length of 850 mm and a weight of 3840 g, ensures durability in demanding environments. It comes in a protective storage case for safe transport. Each torque wrench is assigned a unique number and individually tested to comply with ISO 6789 standards and comes with a 'Declaration of Conformance' for guaranteed accuracy.

General information

Country of origin: Taiwan
Barcode: 5020385030275
Tariff code Europe: 8204120000
ECCN US: EAR99
ETIM: EC002132
UNSPSC: 27111715

Features

Attributes

Product type: Torque Wrenches
Drive: 3/4"
Number of teeth: 24
Range: 65-450 Nm
Scale resolution: 5
Range 2: 48-330 ft-lb
Scale 2 resolution: 3.69
Accuracy: ± 4%
Calibration certificate: Factory
Reverse direction: Flip reverse lever
Preset: No
Angular gauge: Yes
Digital: No
Bi-directional: No
Mechanism: Click
Tethering facility: No

Dimensions

Net weight (g): 3840
Width (mm): 72.5
Length: 850 mm

DESIGNED IN SWEDEN

TengTools is a Swedish company present in more than 30 markets worldwide, and offers hand tools in smart storage solutions for demanding professionals within the automotive, maintenance and engineering sectors, as well as motor sport enthusiasts who aspire to use the same tools as top mechanics across the globe.
