

## 3/4" TORQUE WRENCH PLUS 100 - 500 NM

- 3/4" torque wrench Plus
- $\pm 4\%$  accuracy
- 72-teeth ratchet mechanism with 5° swing arc
- Click-type mechanism with audible and tactile signal
- Quick-release button and twist reverse function
- Locking button to secure torque setting
- Clear Nm scale with 2.5 Nm resolution
- Ergonomic bi-material grip
- Delivered in a protective storage case
- Individually tested to ISO 6789 standards with unique serial number and Declaration of Conformance

TengTools 3492P500 3/4" torque wrench Plus is designed for precise and reliable performance in professional environments. This tool has a torque range of 100–500 Nm with an accuracy of  $\pm 4\%$ , making it suitable for tasks such as assembling and maintaining large gearboxes or engine components in heavy industry. It is intended for clockwise fastening and features a robust 72-teeth ratchet mechanism with a 5° swing arc, quick-release button, and twist reverse function. The click-type mechanism emits an audible signal to alert the user when the set torque is reached, preventing over-torquing. The handle has an ergonomic grip made of bi-material, with marks showing where to place the hand. A locking button ensures that the torque setting does not change accidentally during use. It has an easy-to-read Nm scale with a resolution of 2.5 Nm for precise torque adjustments. The torque wrench is 790 mm long, 68 mm wide, and weighs 3.1 kg, built to last. It comes in a protective storage case for easy transport. Each torque wrench is assigned a unique number and individually tested to comply with ISO 6789 standards and comes with a 'Declaration of Conformance' for guaranteed accuracy.

### General information

**Country of origin:** Taiwan  
**Barcode:** 5020385032828  
**Tarriff code Europe:** 8204120000  
**ECCN US:** EAR99  
**ETIM:** EC002132  
**UNSPSC:** 27111715

### Features

### Attributes

**Product type:** Torque Wrenches  
**Drive:** 3/4"  
**Number of teeth:** 72  
**Range:** 100-500 Nm  
**Scale resolution:** 2.5  
**Accuracy:**  $\pm 4\%$   
**Calibration certificate:** Factory  
**Reverse direction:** Twist  
**Preset:** No  
**Angular gauge:** No  
**Digital:** No  
**Bi-directional:** No  
**Mechanism:** Click  
**Tethering facility:** No

### Dimensions

**Net weight (g):** 3100  
**Width (mm):** 68  
**Length:** 790 mm

## DESIGNED IN SWEDEN

TengTools is a Swedish company present in more than 30 markets worldwide, and offers hand tools in smart storage solutions for demanding professionals within the automotive, maintenance and engineering sectors, as well as motor sport enthusiasts who aspire to use the same tools as top mechanics across the globe.
