

3/8" MINI RATCHET 72 TEETH IP5X

- Precise IP5X-rated 72-teeth mechanism with 5-degree increments and flip reverse lever for easy directional switching
- 3/8" square drive with quick-release feature
- Tethering facility for secure operation in elevated or confined environments
- Durable all-metal Cr-V steel handle
- in compliance with DIN3122D standards

The TengTools 3/8" square drive 72-teeth mini ratchet 3800-72MN is a compact and highly efficient tool for professionals in the automotive, aerospace, and general mechanical industries. This compact ratchet is designed for ease of use where space is limited, and precision is key. Its 72-teeth mechanism allows for 5-degree movement between clicks, enabling tight turns and precise adjustments of complex assemblies. Key aspects of this ratchet include an IEC/EN 60529 IP5X-rating of the mechanism enclosure, which means it is well protected against dust ingress, promoting longevity and reliability in harsh working conditions. Quick-release functionality and a flip reverse lever enables swift transitions between sockets sizes as well as tightening and loosening operations. The all-metal Chrome-Vanadium (Cr-V) steel handle offers a tethering facility which is essential for secure work in elevated or confined environments. Engineered and constructed following the specifications of DIN3122D.

General information

Country of origin: Taiwan
Barcode: 5020385034099
Tarriff code Europe: 8204110000
ECCN US: EAR99
UNSPSC: 27111711

Dimensions

Net weight (g): 201
Length: 110 mm

Attributes

Product type: Ratchets & Handles
Drive: 3/8"
Number of teeth: 72
Quick release: Yes
Reverse direction: Flip reverse lever
Flexible head: No
Handle type: Metal
Tethering facility: Yes
