

3/8" TORQUE WRENCH 20 - 110 NM

- 3/8" torque wrench
- ±4% accuracy
- Click-type mechanism with integrated angular gauge
- Reversible 24-teeth ratchet mechanism (DIN3122) with 15° swing arc
- Shift lever for quick single-handed direction changes
- Additional ft/lb reference scale
- Twist lock to secure set torque
- Handle markings for correct force application
- Supplied in a durable storage case

TengTools 3892AG-E3 3/8" torque wrench delivers a torque range of 20–110 Nm with ±4% accuracy. This torque range is versatile, particularly suited to precision tightening of mid-sized fasteners across various engineering fields. Its click-type mechanism signals when the desired torque is reached, ensuring precision in fastening tasks. The additional ft/lb reference scale accommodates different measurement requirements, allowing you to work across various systems with ease. Featuring an in-built angular gauge, the wrench streamlines after-tightening procedures. The twist locking feature maintains the set torque, ensuring consistent performance. With its reversible 24-teeth ratchet mechanism (DIN3122) and 15° increments, it provides smooth operation for right-hand (clockwise) fasteners. Clear markings show where to place the hand to enhance accuracy during use. Weighing 844 g and measuring 35.9 mm in width and 368 mm in length, this tool is designed for mid-range torque applications and is practical to handle. It comes with a storage case for secure transport and protection. Each torque wrench is assigned a unique number and individually tested to comply with ISO 6789 standards and comes with a 'Declaration of Conformance' for guaranteed accuracy.

General information

Country of origin: Taiwan
Barcode: 5020385030251
Tariff code Europe: 8204120000
ECCN US: EAR99
ETIM: EC002132
UNSPSC: 27111715

Features

Attributes

Product type: Torque Wrenches
Drive: 3/8"
Number of teeth: 24
Range: 20-110 Nm
Scale resolution: 0.5
Range 2: 15-81 ft-lb
Scale 2 resolution: 0.369
Accuracy: ± 4%
Calibration certificate: Factory
Reverse direction: Flip reverse lever
Preset: No
Angular gauge: Yes
Digital: No
Bi-directional: No
Mechanism: Click
Tethering facility: No

Dimensions

Net weight (g): 844
Width (mm): 35.9
Length: 360 mm

DESIGNED IN SWEDEN

TengTools is a Swedish company present in more than 30 markets worldwide, and offers hand tools in smart storage solutions for demanding professionals within the automotive, maintenance and engineering sectors, as well as motor sport enthusiasts who aspire to use the same tools as top mechanics across the globe.
