RECHARGEABLE HEADLAMP 400 LM

- Adjustable head strap bracket with 60° tilt
- Detachable lamp for use as a standalone ashlight
- Pocket clip for attachment to clothing, belts, or straps
- Magnetic endcap for hands-free use on metal surfaces
- Dual front-facing light sources: 400-lumen spot Cree LED and COB LED with 200-lumen white oodlight and 6-lumen red oodlight
- IPX6 water resistance rating
- 800 mAh rechargeable battery with 3–16 hours runtime
- USB-C charging port
- Lightweight construction (50 grams, 84 x 38 x 42 mm)

TengTools rechargeable multi-purpose LED headlamp 400 lm features an adjustable head strap bracket that offers a maximum tilt of 60°, allowing precise light positioning. The lamp can be detached from the bracket, transforming into a versatile flashlight. A pocket clip on the body of the headlamp itself makes it convenient to attach to clothing, belts, or straps, while a magnetic endcap allows attachment to metal surfaces for hands-free use. The headlamp is equipped with dual front-facing light sources. A 400-lumen spot Cree LED provides focused illumination. The COB LED offers two additional lighting modes: a 200-lumen white floodlight for broad, close-up visibility and a 6-lumen red floodlight. Red light is widely recognized as the preferred colour for preserving night vision, making it suitable for low-light environments or nighttime tasks. Rated IPX6 for water resistance, this headlamp performs reliably in demanding environments. Powered by an 800 mAh rechargeable battery, it delivers 3–16 hours of continuous runtime with a USB-C charging port which allows for quick and convenient recharging to minimize downtime. Its lightweight construction, weighing only 50 grams, and small dimensions (84 x 38 x 42 mm) makes sure it is comfortable and easy to handle whether worn on the head or used as a standalone flashlight.

General information

Country of origin: China
Barcode: 5020385086135
Tarriff code Europe: 8513100000
