

RECHARGEABLE WORKLIGHT 1000 LM

- Compact, ultra-slim profile
- 180° adjustable utility hook with a powerful magnet
- Dual light source: 1000 lm front-facing flood COB LED and 500 lm Cree LED on top
- IP67 dust and water resistance rating
- 3600 mAh rechargeable battery with 1–3 hours runtime
- USB-C charging
- Lightweight, portable construction (56 x 26 x 148 mm, 243 grams)
- Multiple mounting options (stand, hang, attach to metal surfaces)

TengTools 588N rechargeable LED worklight 1000 lm combines a compact, ultra-slim profile with high-performance lighting for professionals and DIY enthusiasts alike. A built-in 180° adjustable utility hook combined with a powerful magnet, offers multiple mounting options. You can stand it upright, hang it, or attach it to metal surfaces, allowing you to work hands-free in various scenarios. This worklight features a dual light source: a front-facing flood COB LED delivering 1000 lumens and a focused Cree LED on the top offering 500 lumens. The worklight is rated IP67 for protection against dust and water, making it suitable for tough environments. Powered by a 3600 mAh rechargeable battery, it provides 1–3 hours of continuous runtime on a full charge. Convenient USB-C charging keeps downtime to a minimum. Its lightweight, portable construction, measuring just 56 x 26 x 148 mm and weighing 243 grams, ensures easy handling even in tight or awkward spaces.
