

90° ANGLED NOSE LONG REACH GRIPPING PLIER 275 MM

- At 275mm, the long nose reaches into recessed or confined areas, increasing your work efficiency
- The 90° angled nose is engineered for precise control when working at awkward angles
- Body hardness of HRC43-48 guarantees a long service life, even under rigorous conditions
- Vinyl grips are incorporated for enhanced comfort, minimizing hand fatigue during extended operations
- The multi-functional design supports a variety of tasks, making this a versatile addition to any toolset

This TengTools long reach bent gripping plier has a 90° angled nose and measures 275mm in length. It's designed to meet the specific needs of professionals in sectors like automotive maintenance, electrical work, and mechanical engineering. These pliers are especially useful for tasks that require reaching into recessed areas. With a body hardness rating of HRC43-48, they offer durability for long-term use. Additionally, the inclusion of vinyl grips provides added comfort during operation.
