

QUICK SET WATER PUMP PLIER TPR GRIP HRC60 185MM

- Simply position the upper jaw against the work piece and press the button to close the jaw - quick, simple and time saving
- Pipe grip with serrated jaws for increased grip
- Shaped to protect the operators fingers

The TengTools MB482-7TQ quick set water pump plier features a quick-set mechanism, that allows the upper jaw to be positioned directly against the workpiece before closing the jaw with a simple press of the button. This functionality reduces setup time and ensures a firm hold on rounded, irregular, or smooth surfaces. With a maximum jaw opening of 38 mm and a jaw depth of 30 mm, the pipe grip jaws are hardened to HRC 60, offering exceptional durability and wear resistance. The 185 mm pliers feature ergonomically designed TPR (thermoplastic rubber) handles that enhance grip comfort and protect the fingers of the operator during use. Manufactured in compliance with DIN ISO 8976, the MB482-7TQ meets professional safety and performance standards for industrial and mechanical applications.

General information

Country of origin: Taiwan
