

## 1/4" RATCHETING BITS DRIVER SET 13 PIECES

- 13-piece set
- 1/4" ratcheting screwdriver with 45-teeth ratchet mechanism and 8° increments
- Twist selector switch for drive direction (clockwise, counter-clockwise, or locked)
- 136 mm ergonomic handle with TengTools three-zone design
- Internal storage for twelve 25 mm bits or six 50 mm bits
- Round steel shaft with magnetic chuck
- Includes eleven 25 mm bits with PH, PZ, TX, and Hex profiles
- 1/4" magnetic bit included
- Bits manufactured for professional and industrial applications

The TengTools MDR913 1/4" ratcheting bits driver set is a 13-piece kit designed for a variety of fastening tasks. At the heart of the set is a professional-grade 1/4" ratcheting screwdriver featuring a robust 45-teeth ratchet mechanism with 8° increments between clicks. This allows efficient tightening or loosening without the need to reposition the tool. A twist selector switch on the ratchet enables quick adjustment of the drive direction to clockwise, counter-clockwise, or locked. The 136 mm ergonomic handle incorporates the TengTools three-zone design, providing optimised comfort, enhanced speed, and reliable power transfer, reducing user strain while maximising torque application. The handle includes internal storage capable of securely holding up to twelve 25 mm bits or six 50 mm bits. The round steel shaft is equipped with a magnetic chuck, ensuring secure retention of inserted bits during use. The set includes eleven 25 mm bits, offering a selection of precision-engineered PH, PZ, TX, and Hex profiles in commonly used sizes, alongside a 1/4" magnetic bit for expanded functionality. Each bit is manufactured to high standards, ensuring compatibility and durability for professional and industrial applications.

### General information

**Country of origin:** Taiwan  
**Barcode:** 5020385427136  
**Tariff code Europe:** 8205400000  
**ECCN US:** EAR99  
**UNSPSC:** 27111701

### Attributes

**Product type:** Bit Drivers  
**Drive:** 1/4" Hex  
**Number of teeth:** 45  
**Reverse direction:** Twist  
**Shaft type:** Round  
**Tethering facility:** No  
**Ratcheting:** Yes  
**Chuck type:** Magnet  
**T-drive facility:** No

### Dimensions

**Net weight (g):** 205  
**Length:** 136 mm
