

STEEL RULER MM/AF 300 MM

- Stainless steel
- Millimetre scale
- Inch scale (AF)
- Engraved scales
- Hanging hole

The TengTools STMMI300 is a 300 mm steel ruler manufactured from corrosion-resistant stainless steel. The front face features clearly engraved metric and imperial (AF) scales, while the reverse side includes tables for drill sizes and measurement conversions for quick reference during workshop work and technical calculations. A hanging hole at one end allows storage on a hook or attachment of a fall protection wire. The ruler is 20 mm wide and has a thickness of 0.8 mm.

General information

Country of origin: Taiwan
Barcode: 5020385086296
Tarriff code Europe: 9017801000
