

STAINLESS STEEL WORK TOP FOR 26" CABINET

- 20 mm thick with a durable 430 grade stainless steel surface
- Medium density fibreboard core balances durability with manageable weight
- Steel surface covers top and sides for easy maintenance
- Designed to fit snugly on compatible roller cabinets
- Enhances utility without compromising space

The TengTools stainless steel work top TC-TBS02 is an accessory tailored for 26" roller cabinets. The 20 mm thick worktop offers a sturdy and reliable surface for a variety of tasks. The top combines a 430 grade stainless steel surface with a medium density fibreboard core, ensuring both durability and a manageable weight. The steel surface extends over the top and all sides, providing a cohesive and protective covering that is easy to clean and maintain.
