

# STAINLESS STEEL WORK TOP FOR 37" CABINET

- 20 mm thick with a durable 430 grade stainless steel surface
- Medium density fibreboard core balances durability with manageable weight
- Steel surface covers top and sides for easy maintenance
- Designed to fit snugly on compatible roller cabinets
- Enhances utility without compromising space

The TengTools stainless steel work top TC-TBS04 is a 20 mm thick worktop that has a 430 grade stainless steel surface suitable for various professional applications. The steel surface is mounted on a medium density fibreboard core to balance strength with practicality since it both durable and easy to maintain. The comprehensive design, where the steel surface envelops the top and all sides, contributes to a seamless and protective finish.
