- **Load capacity up to 30 kg**

The TengTools TCBPN heavy-duty industrial backpack is manufactured from durable 1680D 2x2 basketweave ballistic nylon and features an impact-resistant and waterproof hard base. The sides are reinforced and the backpack holds its shape when empty. It has water-protected zippers with large metal pullers that are easy to grip, even when wearing gloves. The backpack has a padded back, padded shoulder straps, a chest strap and a carry handle. Inside, the bag has elastic loops and a total of 48 compartments for organising tools, as well as a separate padded laptop compartment. The fold-down main compartment provides easy access to tools and equipment. The front compartment includes a clear document or parts pocket, while the exterior has additional zipped pockets, a holder for measuring tape and tape roll, and two side pockets for water bottles or cans. The backpack has a load capacity of up to 30 kg.
