

INDUSTRIAL CUTTING TOOL SET FOAM2 6 PIECES

- TengTools compact tin snips, made from chrome molybdenum alloy steel, ensure durability and precision in cutting tasks.
- Scissors with high carbon stainless steel blades and a bi-material grip offer comfort and are ideal for cutting soft materials up to 22 mm.
- 150mm scriber equipped with a K20 grade tungsten carbide tip provides durability and accurate markings on hard materials.
- Deburring tool featuring a swivel-mounted HSS blade is self-adjusting and versatile for deburring various shapes.
- Organised in a foam inlay module size 2 (FOAM2) for streamlined organization and compatibility with existing TengTools storage systems.

Designed for professional use within a variety of industrial applications, the TengTools 6-piece cutting tool set delivers solid performance and adaptability. Distinguishing this set is the TengTools compact tin snips, forged from chrome-molybdenum alloy steel. The tin snips come with serrated blades providing exceptional strength and precision, suitable for metalworking tasks such as cutting sheet metal and trimming ducts. Additionally, the set includes scissors with blades made from high-carbon stainless steel, a 150 mm scribing tool with a tungsten carbide tip, and a deburring tool with a rotatable HSS blade. It comes in a size 2 (FOAM2) tool module that securely organizes all tools, simplifying sorting and integration into your TengTools storage system.

General information

Country of origin: Taiwan
Barcode: 5020385091085
Tarriff code Europe: 8303300000
