

## 1/4" HEX TWIST EXTRACTOR CR-MO 11 MM

- Metric impact twist extractor engineered for safe removal of damaged fasteners
- Constructed from high-strength chrome molybdenum
- Suitable for professional power tool applications
- 1/4" Hex drive with 65 mm length
- Compatible with standard bit holders and accessories
- Black phosphate finish for corrosion resistance

The TengTools TEP65511 1/4" Hex impact twist extractor Cr-Mo 11 mm is engineered for the safe removal of damaged or compromised fasteners. Constructed from high-strength chrome molybdenum, it offers durability and reliability under heavy use and is capable of handling higher torsion, making it suitable for professional power tool applications. Its 1/4" Hex drive and 65 mm length ensure compatibility with standard bit holders and accessories. The black phosphate finish enhances corrosion resistance and clearly identifies it as an impact socket accessory.

### General information

**Country of origin:** Taiwan  
**Barcode:** 5020385086180  
**Tarriff code Europe:** 8205598000  
**ECCN US:** EAR99  
**UNSPSC:** 27111709

### Attributes

**Product type:** Extractors  
**Material:** Cr-Mo  
**Size:** 11 mm  
**Drive:** 1/4" Hex

### Dimensions

**Net weight (g):** 32  
**Length:** 65 mm
