

LONG ARM RATCHET FLEX HEAD SET FOAMX4 3 PIECES

- 3-piece set with 1/4", 3/8", and 1/2" long handle ratchets measuring 200mm, 300mm, and 400mm for improved leverage and torque
- Flexible ratchet heads with locking mechanism allow for use at different angles
- 8-degree increments between clicks, ensuring controlled tightening and adjustments
- Twist reverse for easy direction changes and a quick-release button for efficient socket changes
- Bi-material grip and tethering facility for comfort and safety

The TengTools long arm ratchet flex head set TEXRF03 is a trio of tools designed for professionals in the automotive and industrial sectors. This set includes 1/2", 3/8", and 1/4" square drive ratchets, each featuring a flexible head with a locking mechanism to enable it to be set at various angles. The long handles of these ratchets, measuring 200 mm, 300 mm, and 400 mm respectively, are engineered to provide enhanced leverage and torque, making them ideal for applications requiring additional force. Each ratchet in this set features a precise mechanism with 8-degree increments between clicks, ensuring controlled tightening and adjustments. The twist reverse functionality facilitates effortless switching between tightening and loosening operations, while the quick-release button allows for swift and efficient socket changes. The design incorporates a bi-material grip, offering a comfortable and secure hold, reducing hand fatigue during extended use. Additionally, the tethering facility in each tool enhances safety and convenience in various work environments. The set is organized in a well-protected and systematically arranged TengTools FOAMX4 foam inlay module for quick identification and accessibility.
