The tool chest has four fully extendable drawers. Three of the drawers are 50 mm high, and one drawer is 75 mm high. Each drawer has a load capacity of 30 kg and is equipped with smooth-running ball-bearing slides. To protect both the tools and the drawers, they are fitted with noise-reducing EVA mats. The tool chest is 660 mm wide, 305 mm deep, and 380 mm high. It has a 3-piece chassis and is made of heavy-gauge steel treated with a phosphate-free 5-step rust protection process for long-lasting durability and corrosion resistance. Additionally, it is easy to assemble. This starter kit includes a variety of essential tools: 1/4", 3/8", and 1/2" drive sockets and ratchets, combination spanners, screwdrivers, hex & tx keys, pliers, and a selection of general tools. The tool chest is equipped with a 3-digit combination lock, making it harder for unauthorized persons to access the contents. The tool chest has recessed side handles, making it easy to move, and stable rubber feet that minimise damage to the surface. The fold-down front with the TengTools logo gives a unique appearance and protects the drawers when folded down.
