

## 53" PRO35™ ROLLER CABINET TOOL KIT 615 PIECES RED

- 53" PRO35™ roller cabinet containing a 615-piece tool kit for industrial professionals
- Nine fully extendable drawers in various sizes, each with ball-bearing slides and a noise-reducing EVA mat for protection
- Roller cabinet features 3-piece heavy gauge steel construction
- Powder coated and treated with a phosphate-free 5-step rust prevention process for long lasting performance
- Equipped with an 18mm laminated MDF worktop and 6" heavy duty swivel castors
- Includes a wide range of tools for industrial work, organised into dedicated modules that are part of the TengTools Tool Control System

The TengTools 53" PRO35™ roller cabinet tool kit TKW53R615T in matte red is crafted to fulfill the needs of industry professionals. The toolkit includes 615 durable pieces with a variety that makes it an asset in a wide range of industrial environments. The core component of the tool kit is the TSW53R9 roller cabinet, which measures 1350 mm in width, 460 mm in depth, and 813 mm in height, extending to 983 mm with castors. Its nine fully extendable drawers provides ample storage space. Six of the drawers are 75 mm high, two drawers are 154 mm high and the larger top drawer has a height of 160 mm for larger items. Each drawer can support up to 40 kg. The tool kit is equipped with a diverse array of tools essential for industrial work, including 1/4, 3/8, 1/2, and 3/4 drive sockets, bit sockets, ratchets, impact tools, combination spanners, screwdrivers, bits, T-handle hex & tx keys, pliers, inch spanners, inch sockets, pullers, and other general tools. These tools are meticulously organized in dedicated modules as part of the TengTools Tool Control System, ensuring an orderly workspace and facilitating the quick identification of any missing or left-behind tools. The 3-piece heavy gauge steel frame construction of the cabinet guarantees its ability to withstand the rigors of industrial use. It is further reinforced with a 5-step phosphate-free rust prevention process. Each drawer is fitted with ball bearing slides and is lined with an EVA mat to protect the tools and reduce noise. For easy movement and stability, the roller cabinet has been fitted with four heavy-duty 6" swivel castors, two of which are braked. A 3-digit combination lock makes it harder for unauthorised people to gain access to the tools inside. The roller cabinet has holes on both sides for mounting accessories, providing increased customisation options. A paper holder (TCA08) is included in the tool kit, as well as an 18 mm thick laminate MDF worktop that provides a durable and practical work surface.
