

37" PRO35™ STACK TOOL STORAGE 12 DRAWERS RED

- 37" mobile tool stack with 12 fully extendable drawers for diverse tool storage
- Smooth running ball bearing slides and EVA mats in drawers for noise-reduced operation
- Constructed from heavy gauge steel treated with a 5-step phosphate-free rust prevention process and a powder coat finish for durability
- Heavy-duty castors with brakes and a comfort grip handle ensure easy and stable mobility
- Compatible with combinations of modules in the TengTools Tool Control System

The TengTools 37" PRO35™ stack TSS37R12 in matte red is a robust mobile tool storage solution for professional environments. This stack system combines a 37" 5-drawer tool chest on a 37" 7-drawer roller cabinet, creating a 12-drawer storage unit. It measures 964 mm wide, 460 mm deep, and 1450 mm high with castors, offering ample space for tools. Each drawer is fully extendable and can hold combinations of TengTools modules equivalent to six TC1 modules, one TCX4 module, and one TCX2 module, providing flexibility in tool organization. The drawers are 380 mm deep and 860 mm wide, with two drawers 50 mm high, eight drawers 75 mm high, and two taller drawers 154 mm high. The taller drawers at the bottom have a capacity of 40 kg, accommodating both standard and larger tools. Each drawer features smooth-running ball bearing slides and is lined with an EVA mat to protect and secure tools, reducing movement and noise. Made from high-quality heavy gauge steel, this tool storage system is durable and built to withstand professional use. It is treated with a 5-step phosphate-free rust prevention process for corrosion resistance, ensuring longevity and maintaining a pristine appearance. The stack is equipped with 2" wide heavy-duty castors, including two 5" braked swivel castors and two 5" fixed castors for easy maneuverability and stability. A comfort grip handle on the roller cabinet and recessed side handles on the top chest enhance mobility. Fixing brackets securely attach the tool chest to the cabinet, preventing tipping. Each unit has a 3-digit combination lock for secure storage.
