

INDUSTRIAL CUTTING TOOL SET TT2 6 PIECES

- TengTools compact tin snips, made from chrome molybdenum alloy steel, provide high durability and precise cutting in metalwork tasks.
- High carbon stainless steel scissors feature a bi-material grip for increased comfort, ideal for cutting soft materials up to 22 mm.
- 150mm scribe with K20 grade tungsten carbide tip guarantees long-lasting marks on hard materials.
- Deburring tool with a swivel-mounted HSS blade is self-adjusting, offering versatility in deburring pipes, holes, and edges.
- TT2 module tool tray allows for a well-organized workspace and seamless integration into existing TengTools storage systems.

Designed for professional use within a variety of industrial applications, the TengTools 6-piece cutting tool set delivers solid performance and adaptability. Distinguishing this set is the TengTools compact tin snips, forged from chrome-molybdenum alloy steel. The tin snips come with serrated blades providing exceptional strength and precision, suitable for metalworking tasks such as cutting sheet metal and trimming ducts. Additionally, the set includes scissors with blades made from high-carbon stainless steel, a 150 mm scribing tool with a tungsten carbide tip, and a deburring tool with a rotatable HSS blade. It comes in a size 2 (TT2) tool module that securely organizes all tools, simplifying sorting and integration into your TengTools storage system.
